Summer Feeding Program

(Novato)...The Novato Unified School District (NUSD) announced that the Food and Nutritional Services Department will be providing a free lunch from June 18 to August 19 for all children and teens 18 years of age and younger as part of the U.S. Department of Agriculture's (USDA) Summer Food Service Program. This program will take place at the Hamilton School, 5530 Nave Drive, Novato, and is available to all children and teens.

Over 35% of the students in NUSD qualify for free and reduced lunch under the National School Lunch Program. The USDA recognizes the need for low-income children to continue to receive nutritious meals when school is not in session. NUSD is pleased to offer this program at the Hamilton School in conjunction with two summer school programs taking place there. Participation in the summer school programs is not a requirement for the summer feeding program.

More information can be found on the [FANS webpage](#) under www.nUSD.org.
