## **NUSD Changes Final EIR Review/Certification Date to May 16, 2017**

Novato...The Novato Unified School District rescheduled the date the Final Environmental Impact Report (EIR) will be considered and potentially certified by the Board of Trustees for the San Marin High School Stadium Lights Project to **May 16, 2017, at 7:00 pm.**

The District has not completed its review and responses to the numerous comments received on the Draft EIR in the final days of the public comment period. In order to give appropriate consideration to each comment received during the comment period, additional time is needed.

In the April 18, 2017, initial release of the Final EIR, 97 comments were addressed. The district is still processing and responding to the approximately 50 comments that were received during the public comment period. These additional comments and responses will be included in the final release of the Final EIR which is anticipated to be the week of May 8, 2017.

The NUSD Board of Trustees will consider approval of the San Marin High School Stadium Lights on **May 30, 2017**. This will be a Special Board Meeting beginning at 7:00 pm.

The May 2, 2017, Board Meeting will be a regular meeting and the Final EIR will not be on the agenda.
